VERSE 1:
I unbuttoned my shirt
Trying to feed not to flirt
The way you looked at us hurt
Are my breasts in your way?

My baby's hungry you see
Its best for him and for me
Breastfeeding makes me happy
Are my breasts in your way?

PRE CHORUS:
Your stare was holdin'
Your own skin was showin'
My breasts are a flowin;'
Think about it next time maybe

CHORUS:

I haven't met you
But it's not crazy
Cause I'm a mother
Feeding my baby

It's really healthy
I do it daily
I'm just a mother
Breastfeeding my baby

I haven't met you
But it's not crazy
Cause I'm a mother
Feeding my baby

It's really healthy
I do it daily
I'm just a mother
Breastfeeding my baby

VERSE 2:
I can breastfeed right there
Anytime and anywhere
I hope that you won't be scared
My breasts aren't in your way

It's very natural to do
Bet your Mom did it for you
Please don't expect me to move
My breasts aren't in your way

PRE CHORUS:
Your stare was holdin'
Your own skin was showin'
My breasts are a flowin'
Think about it next time maybe

CHORUS:

I haven't met you
But it's not crazy
Cause I'm a mother
Feeding my baby

It's really healthy
I do it daily
I'm just a mother
Breastfeeding my baby

I haven't met you
But it's not crazy
Cause I'm a mother
Feeding my baby

It's really healthy
I do it daily
I'm just a mother
Breastfeeding my baby

BRIDGE:
Before he came into my life
I was just like you
Didn't know what to do
When I saw the boob

Before he came into my life
I was just like you
I didn't know what to do
When I saw the boob

CHORUS:
I haven't met you
But it's not crazy
Cause you're a mother
Feeding your baby

It's really healthy
She does it daily
She's just a mother
Breastfeeding her baby

I haven't met you
But it's not crazy
Cause you're a mother
Feeding your baby

It's really healthy
She does it daily
She's just a mother
Breastfeeding her baby
